In cases of the kind, it seems essential that the Administrative Department should note on the necessity or otherwise for incurring the recurring expenditure before seeking Financial opinion.
In the present case, if there is administrative necessity, there is no financial objection.

26-5-15 10) The Dy is not certain about getting Instns at 175/- p.

The building now used for the DRS office when vacated for the may be used completely for the Hostel and the outhouses now occupied may be given up. If this were not cause much inconvenience, there can be saving of nearly Rs. 55/- per mensem. The building is spacious, and may perhaps accomodate all the students without much inconvenience.

If this suggestion be approved, then the extra cost involved in sanctioning the DRS proposal will be only Rs 900/- as against Rs 1560.

Urgent — T 3692

From

Diwan Bahadur C. SRIKANTESVARA AIYAR, B. A., B. L.,

Inspector General of Police in Mysore.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

I have the honour to state that my office is now being held for want of better accommodation in a small rented house belonging to the late Mr. Justice T. Naraharì Rao, in the Fort, and it is within the knowledge of Government that this building is so ill-ventilated and incommodious for our purposes. With the ever growing records and springing of new branches of the Department, there is hardly any space for the records and the establishments in the narrow, dingy rooms, so much so several clerks are huddled up together amidst shelves and almirahs of records and papers and find it so hot and suffocating to work in the rooms, with the inevitable result that it is well nigh physically impossible to get the best out of them.

2. We have long been endeavouring to get a suitable building for the office and its stores within the High Ground limits, where are situated so many of our public offices, but somehow or the other, all the buildings contemplated have hitherto slipped away from the Police Department.

3. The Central Police Training School Hostel has for the

time being been located in two small out-houses adjacent to my office, and for the last eight months we have been at great pains to find a suitable large building for the Hostel, within a radius of a mile or a mile and a half from the School, but have not been able to get any, either for love or for money. As a make-shift, accommodation for the first small batch of students has been found in tents, sheds, thatched up compartments of verandahs and one or two rooms of the Special Reserve Lines, at great inconvenience to the Special Reserve Force and trouble to all alike, and with a far larger number of students expected for the next session which commences on 1st July next, it has been a problem to find the requisite accommodation for the Hostel.

4. I just understand that the building known as "Instow" on Cunningham road in High Ground, till recently occupied by the late Colonel T. W. Brereton, is now available. It is a large, airy house, with enough accommodation, admirably suiting our requirements, and is centrally situated close to so many of our other public offices, and perhaps we may be able to secure it at about the same rent of Rs.175 per mensem Colonel Brereton was paying, which is not excessive, compared to the rents obtaining in the locality and paid for on behalf of our other Departments etc, as shown in the margin.

The Links (Revenue Commissioner's Office)	Rs.210
Pen Rhiw (Office of Inspr-Genl of Education) ----	200
Ringwood (Economic Conference Office) --	165
Bedford House (Industries & Commerce Committee Office) ------	125
Portion of Race View (Chief Commandant's Office) -------	120
Westward Ho (S.I.Planters' Association) --	200

5. I therefore propose to shift my office from the Fort to "Instow", and make available the present building for the Police Training School Hostel, which with the other two out-houses now occupied by them, will go a great way to minimise the embarrassment for finding accommodation for the expected larger Hostel, which is of pressing urgency.

6. We have now been paying a rent of Rs.80 for my office,

and therefore the increased expenditure on this account will be Rs.95 per mensem or Rs.1,140 per annum, which will be provided for in the next year's budget. For the Police Training School Hostel, a sum of Rs.1,200 has been provided for rent of buildings, but as already submitted no buildings can be had within the said amount for the Hostel. The three buildings will in all cost Rs.135 per mensem or Rs.1,620 per annum, with an excess expenditure of Rs.420 per annum, which has to be met and will also be provided for in the next year's budget.

7. As the matter is very urgent, additional accommodation for the Hostel having to be provided by the end of June 1915, and as the building "Instow" in the High Ground may not be kept vacant, I request that you may be so good as to obtain the very early approval of Government to my proposals, to take effect from 1st July 1915.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General of Police.

Bangalore, 2nd Jume 1915.

Dear Sreenivasa,

Your yesterday's letter regarding "Instow". As I have already submitted to Government in my letter of the 21st instant, we have been looking out several years for a suitable accommodation for my office and missing all the bungalows on High Ground and elsewhere, being taken up for other Departments, and I have tried every quarter and exhausted all resources for securing accommodation for the P.T.S. hostel. It was only in the last resort, I was obliged to apply to Government again, for "Instow", which is within our own limits, being immediately behind "Satyalayam".

Pending the construction of the

Inspector-General's office and other Police buildings which have very long been a desideratum, or being able to spare any of the blocks in the new extensions of the Public offices, I request that early orders may kindly be obtained for moving my office to "Instow", to make room for the P.T.S. students from 1st July next.

To Rao Sahib Srinivasa Iyer

Your letter of 13th instant re renting 'Instow' for Police Inspector General's Office. The Proprietor had called on me today and said it would become vacant next month and that as he had so many other offers he was awaiting my decision.

As I have already represented, till suitable Police offices are built, unless Government can see their way to make available any of the blocks in the Public Office Buildings, renting 'Instow' is an absolute necessity and is quite indispensible.

I therefore request early orders of Government may kindly be obtained.

Yours sincerely

CONFIDENTIAL & URGENT

Bangalore, 21st September 1915.

File number J 868

Dear Narasimha Rao,

With reference to the recent inspection of my office, Police Training School and the Special Reserve Lines by the Members of Government, I send herewith, as desired, the ground plans of (i) the building wherein the Inspector General's office is at present held, (ii) the Police Training School and (iii) the School Hostels. will follow

From these it will be seen, as was evident during the inspection, how as regards the office, we have been cramped for space for the several branches, the whole of the occupiable floor area available being only 4,550 square feet, against a minimum of at least 12,000 square feet needed, according to current requirements.

For sheer want of accommodation, it has not been possible to sort the records and arrange them in any systematic manner, they having been allowed to be bundled or heaped up, no sorting or arranging being practicable in the small, dark, dingy, ill-ventilated and hot rooms. Apart from getting deranged during various shiftings from place to place - old Palace in Fort, Cola Lodge - and on account of exposures and disinfections etc, the records of one of the most important State offices have also greatly suffered from the ravages of white-ants in such unsuitable buildings.

The most important branch of the Police Department, helping to its successful working, the Finger Print Bureau, has likewise been neglected. The sub-classification of the finger prints, which is being pushed on vigorously in all other Administrations, has not even been attempted for want of space, room having to be found for at least half a dozen more almirahs for the purpose.

The C.I.D. have not been able to spread all their registers

and post up informations regarding the gangs, criminals, K.D's, P.C's, suspicious characters, O.V's etc. There is no place for an armoury, and so the arms have all been heaped on a cupboard; while, the Stores Department has hardly a well-ventilated airy room for keeping its valuables - more than half a lakh of rupees worth of materials - in good condition.

The clerks working in other rooms are also huddled up, to the detriment of their health and efficient turn-out of work, which off and on materially suffers during epidemics of plague etc, when they have to work in tents. The Manager and some clerks are actually accommodated in a portion of an open verandah screened off with tatties and cardboards.

2. Regarding the School, it was seen how the class rooms were closely packed and unsuitable, and light and ventilation quite insufficient. Though the new scheme for training students was sanctioned in 1913, for want of necessary accommodation, there were only 44 students in the last session, against about 150 intended to be trained, and with some make-shifts, there are now 109 students in the rooms available, though as adult students they would require more breathing space than the little children in schools, where so much of ventilation etc is insisted upon.

3. In the two small buildings rented for the Hostel, 84 policemen are housed for the present and the rest of the constables as well as all the students of the Inspectors' and S.H.O. classes, numbering 71, are allowed to be elsewhere, as formerly, according to their own convenience, which is by no means conducive to inculcation of disciplinary ideas or systematic training. It is to the regular discipline and course of training which the recruits receive, we have to look forward for a better class of policemen, who can make the people appreciate that the police are maintained for their protection. If there is anything good that is now turned out, it is due entirely to the personalities

of a few of the officers, who, in and out of season, are constantly on the move, guiding the subordinates even in simple matters.

4. I am afraid the proposals for constructing suitable buildings for the Inspector General's office, the School, Hostel etc, urgent and most pressing as they are, are yet to be considered, and I cannot but urge again the immediate necessity existing therefor.

5. In the meantime, I send enclosed a letter which I received in camp at Mysore, from Mr. Veloo Modliar, the owner of "Instow", saying, with reference to (i) my enquiry if the building would be available for the Inspector General's office, (ii) the enquiry from Government when it would be vacant and (iii) the recent inspection thereof by the Members of Government, that it is ready for occupation, and request that, pending the decision of Government on the proposals for erecting the necessary police buildings, this building as well as "West Bank", next to the Central Jail Superintendent's quarters, till recently in the occupation of the Durbar Surgeon, may be rented by us. Compared to the rents the Government have been paying for other buildings, the rent at which I have tried to secure "Instow" is very favourable. And in view of its close proximity and situation amidst so many of our own properties, it would be well we managed to get this immediately, lest the rent run up and the building go into other hands. When we have these two buildings with us, they will come in so handy for our utilising them according to our own convenience and administrative or other requirements.

6. On shifting my office from the present building, it can be made available for the School etc, the ground floor being given over to the students for their occupation, and the upper floor converted into the Inspectors' class, thus relieving to

some extent the present high congestion in the School, wherein I am anxious to train a couple of hundred at least every session, so that the whole Force may attain some decent standard as early as possible.

7. I need hardly re-iterate that no suitable buildings meeting police requirements are available in the Fort or anywhere nearabouts, and the only other alternative suggesting to me is for the Government to secure "Instow" and "West Bank", and get on for some time as best as we can, till our own buildings can be got ready.

8. The matter is very urgent, and I request you to kindly obtain very early orders of Government thereon.

Yours faithfully,

Sd/ Sir Kandiah Vaidyanathan

Since sending the above letter I have received a call on the 5th inst. he has to know other offers pending or awaiting his answer I have told him Govt: orders are awaited

Mr. Lakshminarasimha Rao says he has an offer of Rs.200 for the whole building now rented out to the Police Department. Portions of the building and out-houses are old, low, dingy and insanitary and the accommodation is very insufficient, especially for the office.

2. We are now paying a rent of Rs.80 for the main building and Rs.55 for the two small houses used temporarily for the students of the Police Training School. I consider Rs.135 now paid is very liberal and do not think we can reasonably pay more for this accommodation. I am however unwilling to stand in the way of Mr. Lakshminarasimha Rao getting higher rent, and as he says he has an offer of Rs.200, I should say I would arrange to vacate the building.

3. We want a much bigger building for the office. I shall try to select such an one within the City limits for a rent of about Rs.125 to Rs.150.

4. If Mr. Lakshminarasimha Rao fails to obtain the higher rent he now expects, I would keep the main building for the School, till the Government School is built, and use the present low, illventilated rooms which are being used for Stores and School, as living rooms for the students.

5. For want of boarding accommodation, we trained only 72 students last session, and there are now only 146 students. We want rooms for about 150 to 200 students, which if not provided, the training and School will suffer. In this connection, it may be mentioned, as I am afraid there is an impression prevailing that such house accommodation had not been proposed, that I had asked for about Rs.200 for renting houses for students whereas only Rs.100 was sanctioned.

CONFIDENTIAL AND URGENT.

Bangalore, 16th December 1915

Dear Thyagaraja Iyer,

With reference to Mr. Narasinga Rao's D.O. dated the 4th instant, conveying Government approval to my suggestions to rent out a suitable building for the Office of the Inspector General of Police within the City limits etc, I beg to state that I have gone over several localities in the City, and find the late Mr. T. Byannah's house in Malleswaram is well suited for the purpose in every respect. It is a two-storeyed house, with a number of spacious out-houses, stables etc, which can be utilized for stocking the large mass of our valuable accoutrements etc, and will quite accommodate the several branches of the Office, as well as the Central Police Stores. The house being a high class one, will be available for a rent of Rs. 150 per mensem, and I consider it perfectly reasonable and fair.

2. I have also had a talk with Mr. T. Lakshminarasimha Rao, who has preferred to agree, in consideration of his buildings being with us for the last 10 years, to let us continue in them, at a rent of Rs. 150 per mensem, the Municipal cess etc having considerably increased in recent years, besides undertaking to execute the needful repairs etc himself. This building, as already submitted, will be utilized for the Central Police Training School, when the present congestion therein will to a certain extent be relieved.

3. The owners of both the buildings, however, desire that a formal lease should be executed, stipulating that we do not vacate the buildings for some years, and I consider a period of 5 years, unless Government buildings are provided in the meantime, may be reasonable and fair to both parties,

GOVERNMENT OF MYSORE

Bangalore
26th March 1916

Dear Narayana Rao

Since seeing the Dewan yesterday about the accommodation for the Office of the Inspector General of Police I have discussed the subject with Mr. Shama Rao and seen the Government Book Depot also and find that it is a huge affair, requiring much more accommodation than we can provide for. For this, as well as other good reasons — chief among which being the necessity for the Depot having to be in a central locality in the city — Mr. Shama Rao is not agreeable for changing the Depot, which is but fair and quite reasonable

In the absence of any other buildings, the only other alternative is to take up the bungalow in Malleswaram

As regards the lease, the period may be reduced to three instead of five years, on the understanding that we would vacate it earlier if our own buildings were constructed in the meanwhile But it would certainly be more advantageous to us to fix the longer period; for obvious reasons, more so with the option of vacating it earlier as stipulated

The owner has asked me again for a final reply, saying that he has received better and far more advantageous terms with higher rents etc; and that he wished to give the first refusal to us as ours was the first offer.

I therefore request you to kindly submit the matter early to the Diwan and obtain orders within the course of

a day or two, so that the owner may be given a final reply
